## THE STORE OF A THOUSAND DELIGHTS

At this our third holiday season we feel that we can modestly announce a most important gathering of precious gems and rare jewels, the newest exclusive ideas in jewelry, splendid silver pieces, sterling and plate, new ideas in leather goods, cut glass and crystal -- a gathering that makes this The Store of a Thousand Delights.

There is scarcely a Christmas thought that does not find expression in our stock and as the real value of a gift cannot be computed in terms of money alone -- utility, interest and lasting beauty being the determining factors -- gifts selected in our store will represent the real value in Christmas giving.

Among this year's jewelry are many articles that contain utility beneath the guise of a locket or a web of glistening jewels, many Pendants of unique formation, the motif in platinum, diamonds and pearls. Many rings of exquisite workmanship displaying fine grace and delicacy. Cut Glass with every color of crystal shining out to give its richest brilliance and sparkle -- these and the rest that go to make up the "Thousand Delights" are awaiting your inspection.

We cordially invite visits from young folks and our clerks will be most pleased to assist them in making selections for their Christmas giving.

*Until Christmas our store will be  
open until ten o'clock*
